**BETHEL HISTORICAL SOCIETY
 MEETS—HEARS TALK
 ON SHAKERISM**

On Tuesday, September 27, the
 Bethel Historical Society met in
 the Annex of the Methodist
 Church and heard an excellent
 and interesting talk by Theodore
 Johnson, Curator of Shaker Mus-
 eum in New Gloucester, on the
 subject of Shakerism. He said
 that Shakerism originated in the
 early 18th century in Methodism
 in France. It soon spread to Man-
 chester and Liverpool, England,
 then to New York State where
 United States Shakerism began
 in Watervliet, New York, found-
 ed by Mother Ann Lee.

In 1783 the year Mother Lee
 died, Shakerism had its first
 Maine colony in Portland, where
 John Cotton became the first
 Maine Shaker. Soon there were
 Shaker Settlements in Gorham,
 Alfred, Buckfield, two in Port-
 land and one in New Gloucester.

In the early 19th century, there
 were 77 villages in Eastern United
 States where Shakers lived,
 practiced their religion and in-
 ventive genius. To them are at-
 tributed the first circular saw, the
 first metal pen points, the win-
 dow roller, the first clothespins,
 the first combination (1859) win-
 dows and the first washing ma-
 chine. Besides working in primitive
 out, they engaged in large scale
 farming.

They grew 200 varieties of herbs
 and originated the packaging of
 seeds. They owned thousands of
 development, and university
 teaching.

During their training at Okla-
 homa University, the new volun-
 teers studied Spanish, Latin Amer-
 ican history and culture, U. S.
 history and world affairs. Tech-
 nical training emphasized prin-
 ciples of community develop-
 ment and community surveys.

Steve is a graduate of Gould
 Academy and St. Lawrence Uni-
 versity where he majored in
 psychology. Molly graduated from
 Bethel High School, and St.
 Lawrence University where she
 was a Philosophy major.

Mr. and Mrs. Burton Linscott
 left today for Honolulu, Hawaii,
 after spending a week in Bethel
 visiting Mr. and Mrs. Wallace
 Saunders and Mr. and Mrs. Ad-
 dison Saunders and families. On
 the return trip which they will
 make cross country by car, they
 plan to stop at Rensselaer Poly-
 technic Institute for lunch with
 Robert Saunders on Friday. They
 will visit their son, John, at Par-
 sons College in Iowa on Satur-
 day and stop in Lynnfield Col-
 lege in McMinnville, Ore., to vis-
 it their daughter, Betty.

**MESC ANNOUNCES MINIMUM
 RATE TO BE PAID FOR PULP**

The Maine Employment Secu-
 rity Commission has announced
 that a new minimum rate of \$6.25
 per cord has been established for
 rough pulpwood cut and yarded
 or cut and stump piled. The new
 rate was determined through mu-
 tual agreement between indus-
 try and the Department of La-
 bor. In addition to this rate there
 is a special allowance for chain
 saw owners and users. Roy U.
 Sinclair stated that the Bureau
 of Employment Security, U. S.
 Department of Labor's Regional
 Office had advised him that the
 new rate will be effective Octo-
 ber 1, 1966.

area of land which made it pos-
 sible for them to sell lumber,
 vegetables and flowers to the sur-
 rounding towns. Elders, Elder-
 resses, Deacons and Deaconesses
 were the heads of these Centers.
 In the summer they took in many
 underprivileged children, giving
 them happiness and training. All
 their aims were functional and
 acronically, beautiful if possible.

In 1887 the Poland Shakers
 moved from Shaker Hill where
 they had 18 buildings, to Sab-
 bathday Lake in the village of
 New Gloucester. They now own
 over 5000 acres of land and at
 least one-half the property sur-
 round the Lake.

Of the original 77 settlements
 in the Eastern United States, only
 two are left, one in East Cent-
 er, N. H., and the one at Sab-
 bathday Lake where now only
 29 Sisters remain. Elder Joseph,
 formerly of this colony, wrote
 what became the Shaker Song.

The Museum is closed from
 October to May but open to the
 public the other months. Mr.
 Johnson most kindly offered the
 use of a large room in one of their
 buildings, for any meeting of the
 Bethel Society.

20 SECONDS WITH THE NAZARENE

Love is the greatest constraining power
 in the world. Tell me what you love, and I will
 tell you what you are. The man who loves
 needs no law to impel him to action. This
 works on both sides of the moral line. The
 man who loves right and righteousness will do
 right, law or no law, while the man who loves
 wrong will do wrong in spite of all law.

 Mills, returned recently from a
 two year tour as a Peace Corps
 volunteer in Niger. He enrolled at
 Ft. Lewis College, Durango,
 Colo., and on Sept. 21, was the
 subject of the following article in
 the Fort Lewis Independent.

"Owen Melville, a freshman
 who has just spent the past two
 years in the Republic of Niger as
 a Peace Corps Volunteer, feels
 that if more Americans could
 spend time in Africa, they might
 change their minds about the
 problems."

"Perhaps the greatest problem
 facing the volunteers in Africa
 has been trying to explain the
 problems in the United
 States to the Africans, who ac-
 cept the white Peace Corps mem-
 bers completely. Owen and the
 other volunteers, who actually
 lived with the people of Niger
 became a part of the community
 during their stay."

"Owen, who worked in a nu-
 try nursery, found the Afri-
 cans likeable but suffering from
 education. According to Owen,
 the people of Niger are just be-
 ginning to overcome the prob-
 lems caused by the French. Edu-
 cation is and will continue to
 be, a very slow process."

"While most of the problems
 having extreme difficulties in
 learning English. Haman, the
 President of Niger, is doing his
 best with tutoring by the Afri-
 cans."

"Along with others in the Peace
 Corps, Owen Melville was in-
 part in evening meetings with
 the President. The tutoring
 consist of talking with the Afri-
 cans about their English and
 correcting their English. As a
 result of the tutoring, the
 Peace Corps volunteer, Owen
 Melville, was named as one of
 the volunteers who had done
 the best with the Africans. In-
 cluding the staff of the American
 Embassy in Niamey, Niger."

A TRIBUTE TO MOTHER

MRS. GERTRUDE N. HANSCOM. Although she has gone, and her passing leaves an empty spot in our hearts and our lives, we know that she is free from her suffering and is happy at home with her loved ones who have gone on before.

She lived a beautiful, useful and active life, and her love and devotion to her family and friends was an inspiration to all who knew and loved her.

A loving wife, Mother, Grandmother and Great Grandmother, she enjoyed having her family around her, always putting their pleasures and comfort before her own.

Her unselfish devotion to her family will never be forgotten and her passing leaves a void that time can not erase.

Though the passing of time may dim the ache in our hearts, we will never forget the loving care she gave us as children and her many acts of kindness to us in our later years.

She loved animals and always enjoyed being around them, as well as taking care of her small flocks of hens and working in her vegetable and flower gardens until failing health and eyesight forced her to give this up in the last few weeks of her life.

Now that she has gone, we rest assured that she is at home with her Lord and free from further pain and sorrow. The family of Mrs. Gertrude Hanscom, by Roger E. Hanscom.
